

UNDERGRADUATE & TRAINEES CASE REPORT PRIZE

UNDERGRADUATES

Scope:

A case report and review of the literature of a standard suitable for publication that goes beyond basic morphological and immunohistochemical diagnostics, including molecular and other ancillary diagnostic tests to give a significant learning opportunity to medical students, pathology trainees and some pathology consultants.

Instructions for authors:

Submission of single cases or case series, which present original observations, new insights into pathogenetic mechanisms and/or information based on novel or developing technology. Such reports must not exceed 1200 words with no more than 4 single panel figures and 1 table. The text is to be divided into Abstract, Introduction, Clinical history, Materials and Methods, Results and Discussion.

Judging criteria:

Understanding, novelty, use of ancillary tests, images, appropriate depth of information, style, clarity, follows instructions.

Case reports already accepted for publication on the closing date of the competition are not eligible.

Eligibility:

Undergraduate members of the Society may apply

Deadline Date:

30 September

Prize:

£100 and the opportunity to present the case as an oral presentation at the next Joint summer meeting with the BDIAP, for which the winner is offered free registration.

Trainees

Scope:
