Answered: 5　　　Skipped: 15

#	RESPONSES	DATE
1	Really useful meeting - liked the interaction with the German trainees.	8/9/2017 4:31 PM
2	Only completed the questions for the parts that I attended. I thought this was a fantastic event - I particularly enjoyed meeting the visiting German trainees and learning from them. There has been a suggestion that we could incorporate some technical sessions - perhaps 1 technical session per meeting?	6/24/2017 1:16 PM
3	The meet and greet speed dating didn't quite work due to not everyone meeting everyone	6/20/2017 8:24 AM
4	Good meeting - nice to have German contingent present. Can we consider a more pan-European approach next time and involve other countries too?	6/19/2017 6:25 PM
5	Doing research -to my opinion- is also about interest in solving problems with an innovative mind. There was a strong focus on CV-tuning throughout the talks but also doing research per se is a necessity. Not everyone will become a professor but this should not keep one from being an innovative mind and go into science.	6/19/2017 6:09 PM
